

# Zyxel EMG 2306 Parental Controls

## STEP 1:

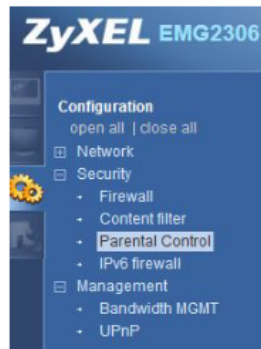

- Open Browser (Fire Fox, Safari, Internet Explorer, etc.)
- Empty Address Bar
- Enter: **192.168.1.1**
- Press **ENTER**

**Username: admin**  
**Password: 1234 or newinstall1**

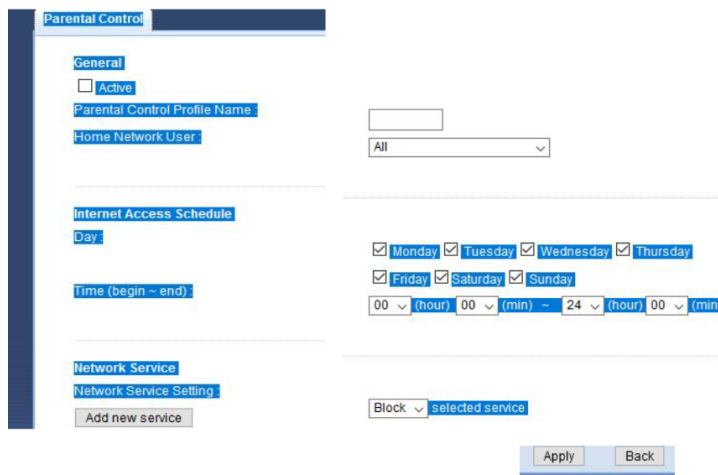

## STEP 2:

- Select **Login** (ignore on the next screen)
- Click on the Sprocket on the left menu
- Choose **'Sign In'**
- Choose **'Parental Controls'**

## STEP 3:

- Select **Add new rules**  
(you may need to highlight the page to see the text)
- Check **Active**
- Assign a name to what you would like to block, devices, set time, and **Apply**

The screenshot shows the 'Parental Control' configuration page. It has a left sidebar with a sprocket icon. The main content area is divided into sections: 'General' with an 'Active' checkbox, 'Parental Control Profile Name' (text input), and 'Home Network User' (dropdown menu set to 'All'); 'Internet Access Schedule' with 'Day' (checkboxes for Monday through Sunday, all checked) and 'Time (begin ~ end)' (time range selector set to 00:00 to 24:00); and 'Network Service' with 'Network Service Setting' (dropdown menu set to 'Block selected service') and an 'Add new service' button. At the bottom right are 'Apply' and 'Back' buttons.

**Congratulations—you're done!**
