1800 seconds

STEP 5:

- Choose bandwidth band **2.4Ghz** or **5Ghz**
- Name (SSID): Enter **WiFi Name**
(if using same name for 2.4 and 5, it is suggested you a 5 behind the name for 5Ghz)
- Choose **Security Mode**
(if using 5Ghz don't use WPA-psk)
- Enter **Password**
- Click **Apply** (top right hand corner)
- Repeat for other Ghz

Congratulations—you're done!
